

## Non-GMO Rapeseed Oil (Crude)

(Produced from 00 rape seeds)

Product No.: DMH-P9

### Product description:

Non-GMO rapeseed oil (crude) is produced by warm-pressing of Non-GMO 00-Rapeseed (0% erucic-acid and glycosides). The Oil is extracted without usage of hexane or other chemical-solvents. It is also possible to offer a degummed quality. In this case the crude oil is degummed in an additional production step.

Parameter per FEDIOL	Value	Measuring Unit
Erucic Acid	max. 2	%
FFA	max. 2	%
Moisture	max. 0,5	%
Phosphorus	max. 750	ppm
Foreign Matters	max. 0,5	%

The exact composition of the Non-GMO rapeseed oil (crude) depends on the Quality of the processed Non-GMO 00-rapeseed and is subject to natural variations.

Packaging: In bulk

Certificates: Q-S

### **Liability**

The information contained herein is based on technical data that DMH Deutsche Melasse Handelsgesellschaft mbH (later on called DMH) believes to be reliable and accurate, but disclaims any warrant or guarantee, express or implied. DMH reserves the right to change information contained herein without prior notice. Any information included herein taken solely or as a whole, does not suggest in any way the product is of satisfactory quality or is adequate for a particular purpose. The purchasing party is not released from the burden of carrying out his own tests and experiments. Because conditions of use of this product are outside our control, DMH excludes any legal or other liability for the use of this information or any part of it, whether or not based on DMHs negligence, and therefore DMH shall not be liable for any damages (special, direct, indirect, consequential damages) relating to the use of this information or the use of the product referred herein, solely or in combination with other products. Consequently all liability on the part of DMH is excluded.

Furthermore, our sales and delivery conditions will apply accordingly.
